# MEET WINTER HEAD ON

When the winters get tough, the Cub Cadet® 2X® gets tougher. The two-stage snow blowers are engineered for clearing between 12-23" of powder and slush. Step up to the commercial-grade 2X® MAX™ trim package to help tackle the deep stuff.

## COMFORTABLE AND CONVENIENT HANDLING

Power steering at your fingertips allows for easy, intuitive control while heated hand grips help provide comfort even on the coldest days.

*Available on select 2X® Snow Blowers*

## PUSH-BUTTON ELECTRIC START

Eliminate pull starts and get to blowing snow quickly with push-button electric start.

## EASY MANEUVERABILITY

Trigger power steering allows for zero-turn capability while 16" XTRAC® tires± help provide strong traction in snowy conditions.

*±16" XTRAC tires available on select 2X® Snow Blowers*

*XTRAC® is a registered trademark owned by The Carlstar Group LLC.*

*Trigger Power Steering available on select 2X® Snow Blowers*

## HELP MAXIMIZE VISIBILITY

Designed to help you see at dawn or dusk with dual LED headlights that shine bright and far.

*Available on select 2X® Snow Blowers*

*\*Results may vary depending on weather and snow conditions.*

*See owner's manual for warranty details and information.*

*Certain restrictions apply. The 5-year auger gearbox limited warranty applies to units equipped with HD auger gearboxes only.*

# BREAK DOWN SNOW IN QUICK TIME

The 3X<sup>®</sup> snow blower is the ace of the X Series<sup>®</sup>. With a patented three-stage system, the 3X<sup>®</sup> is designed to quickly clear up to 23"<sup>™</sup> of deep snowfall and breaks through the wall of winter at the end of your driveway with ease.

## FAST AND EFFICIENT

The powerful three-stage technology has an additional induction accelerator that spins faster than the augers, pulling snow, ice and slush through the system.

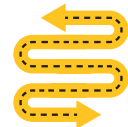

## COMFORTABLE AND CONVENIENT HANDLING

Power steering at your fingertips allows for easy, intuitive control while heated hand grips help provide comfort even on the coldest days.

## EASY MANEUVERABILITY

Trigger power steering allows for zero-turn capability while 16" XTRAC<sup>®</sup> tires<sup>‡</sup> help provide strong traction in snowy conditions.

<sup>‡</sup>16" XTRAC<sup>®</sup> tires available on select 2K<sup>®</sup> Snow Blowers  
XTRAC<sup>®</sup> is a registered trademark owned by The Carlstar Group LLC.

## HELP MAXIMIZE VISIBILITY

# THE POWER OF THREE STAGES.

Cub Cadet® innovated the three-stage system, delivering a snow-blowing experience designed to tackle tough obstacles.

+ **STAGE 1**  
**AUGER**

Breaks up and draws in snow, ice and slush.

+ **STAGE 2**  
**ACCELERATOR**

Quickly pulls snow, ice and slush through the machine giving it a turbo boost back to the impeller.

+ **STAGE 3**  
**IMPELLER**

Throws snow up and away from the area.

## ATTACHMENTS & ACCESSORIES

Each sold separately

# GEAR UP FOR WINTER'S WORST

Tailor your Cub Cadet® machine to your unique needs and confidently take care of winter conditions. To explore the full range of snow attachments and accessories, visit [cubcadet.ca](http://cubcadet.ca).

### ULTIMA 2T/2TX ALL-SEASON PLOW

This 52", 12-gauge steel blade can move snow, dirt, gravel and mulch. A single handle with comfort grip allows the operator to lift, lower and adjust the angle of the blade without leaving their operator's seat.

### SNOW CAB

Durable, clear vinyl with heavy-duty, tear-resistant fabric. Includes convenient storage pouch. Fits most Cub Cadet® 2X® and 3X® snow blowers.

### 42" 3-STAGE SNOW BLOWER ATTACHMENT

Get more out of your riding mower this winter with the 42" 3X® snow blower attachment. The innovative three-stage technology is designed for winter conditions and clears deep snowfall fast. You'll be ready for whatever winter throws your way.

### CHUTE CLEARING TOOL

When using your snow blower, snow and ice can clog the discharge chute. Use this tool to easily remove the snow.

### DRIFT CUTTERS

Built to fit most Cub Cadet® 2X® and 3X® snow blowers. This kit includes two drift cutters and all necessary hardware and installs in minutes – no tools required.

### SKID SHOES

Polyethylene skid shoes are designed to help prevent your surfaces from scratching and marking pavement, concrete and pavers.

### SNOW BLOWER COVER

The cover fits 2X® and 3X® snow blowers up to 30" wide and includes a built-in bag for convenient storage. Made from UV and mildew resistant fabric designed to provide all-season protection. The built-in elastic cord helps keep cover firmly in place. Various sizes available.

### GENUINE PARTS. GENUINE ADVANTAGE.

Cub Cadet® genuine parts are the only parts designed and engineered to meet Cub Cadet® original equipment standards. Using Cub Cadet® genuine parts helps to ensure the best performance of your power equipment, accessories, and attachments. Protect your investment with Cub Cadet® genuine parts.

# + TRIM OPTIONS DESIGNED FOR ANY DEMAND

## HD

- 23" intake height allows for large snow capacity
- Reinforced 14-gauge steel auger housing side plates for durability
- Adjustable drift cutters that help cut through heavy snow banks

*Drift cutters standard on 2X 28" HD and 2X 30" HD models only*

## INTELLIPOWER®

- IntelliPOWER® engine technology delivers consistent power in heavy and wet snow conditions by digitally optimizing engine output to help provide a smooth and consistent experience in challenging conditions

AVAILABLE IN

**2X 3X**

## TRAC

- TRAC drive is designed to provide steady traction in extreme weather conditions—engineered for slopes, inclines and gravel
- Reinforced 14-gauge steel auger housing side plates for durability

*Model 3X® 30 HD TRAC only*

- 23" intake height allows for large snow capacity

*Model 3X® 30 HD TRAC only*

- LED light bar helps illuminate in low light conditions
